

## Northstar California - Rental Information

The following data is provided by the on-site rental management firms within Northstar California. This management company, provides excellent services, but charges 50% of the gross rental revenues as their commission. It is important to note that property owners may choose off-site management companies, or to self-manage their properties thereby retaining a greater percentage of the gross rental revenues.

This data in no way guarantees nor suggests future earning projections. It is offered purely for informational purposes. Owners are encouraged to contact real estate professionals and/or tax experts should they wish to rent their properties.
